

CAR SHOW RULES

- 1) Super Duty Promotions judging committee is the final authority on all rules & interpretations.
- 2) Super Duty Promotions reserves the right to combine classes as the participation level warrants.
- 3) All show cars must be driven onto the show field under their own power.
- 4) No mirrors, stanchions, ropes, or other show props allowed until after the vehicle has been judged.
- 5) Any protest on the classing of a vehicle should be addressed at car show registration.

If there are any problems or questions, please let us know as soon as possible. It is hard to correct an error after the event is over. We try very hard to make this a great car show, but sometimes mistakes are made.

TENTS & CANOPIES ON THE SHOW FIELD ARE A PRIVILEGE

*We will continue to allow them as long as they are **PROPERLY STAKED DOWN**.
Damage caused by an improperly secured tent/canopy is your responsibility.
If we have any problems with tents, they will no longer be allowed on the show field.*

CAR SHOW DISPLAY & RULES

All cars must be driven through Tech. Our tech officials determine the class for your car.

Cars need to be on the field, ready to be judged by 1:00 p.m. Saturday & Noon on Sunday.

The car will be judged once the judging form is in place.

If you need more time to clean, put the form & window card in the trunk or on the back seat.

When the car is ready to be judged, place the window card and judging form on driver's side dash with the judging form standing up behind the window card. The judges will reach in to get the judging form.

Hood & trunk open

Convertible tops up

T-tops should be installed

Sun roofs should be closed

Driver's side window should be down

No FOR SALE signs in the windows For Sale signs may be laid on the seat or in the trunk.

A bright colored sticker will be placed on the windshield when the car has been judged.

If a friend is picking up your trophy on Sunday, please give them the window card from your vehicle.

We park cars together by type or model. Example: We let all the Stock & Street Classes GTO's park in the same place. This way friends can park by each other even if their cars are not competing in the same Class. It also makes it easier to park cars because we designate an "area" for all of one type of car to park. The Judges have to work a little differently because they have to locate the cars in the classes they are judging.

Please do not disturb the judges while they are judging.

They are all great people who like cars but we have a limited amount of time to get judging done.

The judges will be available after the awards ceremony on Sunday for any questions or concerns you may have. Thank you
